Selected New Photos at Containership-Info

On the next few pages you will find a selection of container ship photos recently uploaded to **www.containership-info.com**.

Please note that the pictures in the pdf-file are reduced in size and saved as low-quality jpg files. In order to view the actual pictures as well as vessel data sheets and additional photos of the ships displayed here, please go to our website's vessel galleries.

The editors of containership-info are always on the lookout for quality photos of vessels that are still without a photo on the respective vessel page. We greatly appreciate your image contributions. Please read our "Note to Contributers" pdf file to find out what type of photograph we need and how you can perhaps help. The file can be obtained from containership-info's "miscellaneous downloads" section.

We gratefully acknowledge the help of the photographers who supplied images for this week's picture upload.

The photo copyright of the below pictures is held by the original photographers, not necessarily by the editors of containership-info.

Since Hamburg is the secret 'home port' of your editors we have decided to dedicate this log to the new HAMBURG EXPRESS…

…of Hapag-Lloyd. On the 15th of August, the brand new ship arrived for the first time at the port which is not only her…

…namesake, but also her port of registry and the home of her owners Hapag-Lloyd. Dressed over all and with a special stow…

…of all-HL boxes on starboard, the ship swings out of the Elbe river and into the Kohlbrand channel. She is bound for HHLA's…

…container terminal Altenwerder in which HL is a shareholder.
Two days after her arrival, the ship was officially christened.

So your editors whish the new ship all the best:
May she bring fair winds and good fortune to all who sail on her.
